

# MEMOIRS OF THE FACULTY OF ENGINEERING

## OKAYAMA UNIVERSITY

Volume 36, Number 2, March 2002

### CONTENTS

	<i>Page</i>
<i>Department of Mechanical Engineering</i>	
Effect of Heat Treatment on the Serration of Low-Concentrated Al-Zn Alloys .....	1
Akira SAKAKIBARA, Teruto KANADANI, Tsutomu TASHIRO and Kazumi YOSHIOKA	
Numerical Study on Deformation Behavior of Rigid-Plastic Inhomogeneous Material Using Three-Dimensional Models .....	7
Takeji ABE, Makoto NAGAO, Tomoyuki OHTA and Noriyuki NAGAYAMA	
<i>Department of Electrical and Electronic Engineering</i>	
A Study on the Planning and Scheduling of Production System Considering Demand Changes .....	15
Ryuji OHTANI, Masami KONISHI, Jun IMAI and Tatsushi NISHI	
Motivation towards learning a second language (A Case Study-Part 1. Canada).....	43
Chico Vaillancourt	
<i>Department of Bioscience and Biotechnology</i>	
Regulatory Role for Complement Receptors (CD21/CD35) in the Recombination Activating Gene Expression in Mouse Peripheral B Cells .....	51
Masaki HIKIDA, Masaki MAGARI, Yasunori NAKAYAMA, Naoki KANAYAMA and Hitoshi OHMORI	
Cytotoxicity of the Bacillus thuringiensis Crystal Protein against Mammalian Cells .....	61
Masashi YAMAGIWA, Akitoshi NAMBA, Tetsuyuki AKAO, Eiichi MIZUKI, Michio OHBA and Hiroshi SAKAI	
Preparation of alginic acid layers on solid substrates for biomedical applications.....	67
Tomohiko YOSHIOKA, Kanji TSURU, Satoshi HAYAKAWA and Akiyoshi OSAKA	
<i>Department of Communication Network Engineering</i>	
Application of Transfer Matrix Method with Signal Flow-Chart to Analyze Optical Multi-Path Ring-Resonator .....	73
Iip Syarif HIDAYAT, Yoshitaka TOYOTA, Osamu TORIGOE, Osami WADA and Ryuji KOGA	
Experimental Verification of Common-Mode Excitation Model for PCB Having Partially Narrow Return Path .....	83
Tetsushi WATANABE, Osami WADA, Ryuji KOGA, Yoshitaka TOYOTA and Takuya MIYASHITA
